

## SIGMAZINC WITH BLACK ASPHALT COATING FOR FITTINGS

### Product Information Sheet

#### Benefits

- **SIGMAZINC** coated Ductile Iron Fittings provide the benefits of a zinc rich primer coating.
- Themec Series 90-98 primer provides a zinc layer for protection of the substrate.
- Asphaltic topcoat paint applied as per AWWA C153 standard.

*Note: Fittings will have "ZINC" stenciled on the outside to identify primered with zinc.*

#### Approvals and Standards

- The applied system conforms to ISO-8179-2.
- The coating system as applied has a zinc level of at least 200 g/m<sup>2</sup> of pipe surface area.
